

**SHORELINE WATER DISTRICT**  
**P.O. Box 55367**  
**Shoreline, WA 98155**

**REQUEST FOR FIRE FLOW ANALYSIS / CERTIFICATE OF WATER AVAILABILITY**

**NOTE: THIS APPLICATION IS NOT A PERMIT.**

**Fees: \$450.00 must be paid at time of submittal for FFA/CWA process to begin.**

Shoreline Water District, in order to prepare a Certificate of Water Availability for your project, must have the following application completed.

- New development or remodel using an existing service will require an upgrade of that existing service to current District standards.
- For new construction or remodel, a plumbing fixture count and flow calculation must be submitted with this application (This calculation must be signed or stamped by preparer with indication of qualifications, i.e. licensed plumber or engineer. Form is available from the District).
- Any change in building use requires SWD review process billed @ \$76.50/hr.
- For a new building with unknown occupancy, SWD will apply minimum service requirements at the time of the meter application.
